## State Issues

Governor  
Releases May  
Revision

Today, Governor Newsom released the May Revision to his January Budget proposal - dubbed "California Roars Back: Governor Newsom's \$100 Billion California Come Back Plan." Some highlights are below, but more details will be forthcoming. Of particular note, and as expected, the state has \$75 billion surplus in tax revenues and an additional \$27 billion in stimulus funds from the federal government. The Governor is proposing large investments in schools, childcare, rent supports and direct stimulus checks. He also is offering support for infrastructure projects, including broadband, which has been a key issue for those interested in expanding telehealth services. There also is a large reinvestment into the state's reserve accounts - \$24.4 billion. Following are some of the key health care issues included in the May Revision but there will be more analysis over the next few days and weeks into some of the items to get the complete picture. The Department of Health Care Service May Revise budget summary document can be found [here](#).

- The May Revision includes \$207.7 billion (\$54.2 billion General Fund and \$153.5 billion other funds) for all health and human services programs, which does not include all pandemic response costs. It also includes a total of \$129.2 billion for the Department of Health Care Services - most of which goes to support the state's Medi-Cal program.
- The Governor includes funding to increase Medi-Cal access for undocumented adults over age 60, if all other eligibility criteria is achieved.
- The Governor offers a new huge investment in a Children and Youth Behavioral Health Initiative, which seems to include an online, virtual screening component and additional capacity for behavioral health care in schools and facility infrastructure funding.
- The budget recommits to the CalAIM proposal, with an investment of \$1.6 billion, outlines a new component of the program in Medi-Cal Population Health Management and highlights \$315 million to be spent on centralizing clinical data from several sources.
- Funding for COVID response is also highlighted, including funding for vaccine administration, COVID testing in schools, Medi-Cal case load growth and eligibility determinations.
- Telehealth reimbursement rates are included in the proposal - spelling out that audio-only telehealth visits will be reimbursed at 60% of the Medi-Cal rate to incentivize in-person care.

<p>Governor Releases May Revision <i>(continued)</i></p>	<ul style="list-style-type: none"> <li>▪ The Medi-Cal Rx proposal to move the pharmacy benefit from managed care to a fee-for-service benefit has been officially delayed until January 1, 2021.</li> <li>▪ The Governor continues with his proposal to change the role of OSHPD, specifically mentioning the proposed Office of Health Care Affordability, and suggests renaming the office the Department of Health Care Access and Information (HCAI). The Governor includes \$6.3 million and ongoing funds to support this new work.</li> <li>▪ Health Information Exchange (HIE) Interoperability is also covered in the summary. The budget document includes \$4 million, and an opportunity to access federal funds to support and encourage the adoption of Electronic Health Records and support health information organizations and their interface with the CURES database.</li> </ul> <p>We expect Budget Subcommittee hearings and Budget hearings to start early next week, with full budget hearings ramping us soon after. A final budget deal is expected by mid-June with it being sent to the Governor for signature before the July 1 start of the State’s fiscal year.</p>
<p>Appropriations Committee Actions</p>	<p>Several key bills of interest to the Catholic health ministry and the broader hospital are making their way through the Appropriations process. On Monday, SB 379 (Weiner) was heard in Senate Appropriations and went on the Suspense file. Next Monday, SB 642 (Kamlager) and SB 380 (Eggman) will be heard in Senate Appropriations and are expected to go on the Suspense file. The fate of whether these bills, and others, will come off the Suspense file will be determined by next Friday, May 21. If moved off the Suspense file, these bills will then go to their respective floor for a vote. Bills must pass out of their house of origin by June 4.</p>

**Calendar:** 5/20/2021 Upon adjournment of Session - State Capitol, Assembly Chamber  
ASSEMBLY APPROPRIATIONS, GONZALEZ, LORENA, Chair

**Summary:** Would, effective January 1, 2022, extend eligibility for full scope Medi-Cal benefits to anyone regardless of age, and who is otherwise eligible for those benefits but for their immigration status, pursuant to an eligibility and enrollment plan. The bill would delete the specified provisions regarding individuals who are under 25 years of age or 65 years of age or older and delaying implementation until the director makes the determination described above. The bill would require the eligibility and enrollment plan to ensure that an individual maintains continuity of care with respect to their primary care provider, as prescribed, would provide that an individual is not limited in their ability to select a different health care provider or Medi-Cal managed care health plan, and would require the department to provide monthly updates to the appropriate policy and fiscal committees of the Legislature on the status of the implementation of these provisions

ASSEMBLY APPROPRIATIONS, GONZALEZ, LORENA, Chair

**Summary:** Current law requires a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2021, to specify that coverage is provided for health care services appropriately delivered through telehealth on the same basis and to the same extent as in-person diagnosis, consultation, or treatment. Current law exempts Medi-Cal managed care plans that contract with the State Department of Health Care Services under the Medi-Cal program from these provisions, and generally exempts county organized health systems that provide services under the Medi-Cal program from Knox-Keene. This bill would delete the above-described references to contracts issued, amended, or renewed on or after January 1, 2021, would require these provisions to apply to the plan or insurer's contracted entity, as specified, and would delete the exemption for Medi-Cal managed care plans. The bill would subject county organized health systems, and their subcontractors, that provide services under the Medi-Cal program to the above-described Knox-Keene requirements relative to telehealth.

ASSEMBLY APPROPRIATIONS, GONZALEZ, LORENA, Chair

**Summary:** Would require the State Department of Health Care Services to implement a program of presumptive eligibility for persons experiencing homelessness, under which a person would receive full-scope Medi-Cal benefits without a share of cost. The bill would require the department to authorize an enrolled Medi-Cal provider to issue a temporary Medi-Cal benefits identification card to a person experiencing homelessness, and would prohibit the department from requiring a person experiencing homelessness to present a valid California driver's license or identification card issued by the Department of Motor Vehicles to receive Medi-Cal services if the provider verifies the person's eligibility.

**Summary:** Current law authorizes the board of supervisors in each county to designate an entity or entities to assist county jail inmates to apply for a health insurance affordability program, as defined, consistent with federal requirements. Commencing January 1, 2023, this bill would instead require the board of supervisors, in consultation with the county sheriff, to designate an entity or entities to assist both county jail inmates and juvenile inmates with the application process. The bill would make

conforming changes to provisions relating to the coordination duties of jail administrators. By creating new duties for local officials, including boards of supervisors and jail administrators, the bill would impose a state-mandated local program.

**Summary:** Current law provides that Medi-Cal benefits for individuals who are 65 years of age or older, and who do not have satisfactory immigration statuses or are unable to establish satisfactory immigration statuses, will be prioritized in the Budget Act for the upcoming fiscal year if the Department of Finance projects a positive ending balance in the Special Fund for Economic Uncertainties for the upcoming fiscal year and each of the ensuing 3 fiscal years that exceeds the cost of providing those individuals full scope Medi-Cal benefits. This bill would, subject to an appropriation by the Legislature, and effective July 1, 2022, extend eligibility for full-scope Medi-Cal benefits to individuals who are 65 years of age or older, and who are otherwise eligible for those benefits but for their immigration status.

**Summary:** Current law defines a request regarding resuscitative measures as a written document, signed by an individual with capacity, or a legally recognized health care decisionmaker, and the individual's physician, directing a health care provider regarding resuscitative measures. Current law defines a Physician Orders for Life Sustaining Treatment form, which is commonly referred to as a POLST form, and provides that a request regarding resuscitative measures includes a POLST form. Current law requires that a POLST form and the medical intervention and procedures offered by the form be explained by a health care provider. Current law distinguishes a request regarding resuscitative measures from an advance health care directive. The act authorizes, until January 1, 2022, a licensee under the act to provide any of the authorized interdisciplinary hospice services, including palliative care, to a patient who has a serious illness. **Summary:** The California Hospice Licensure Act of 1990 requires a person, political subdivision of the state, or other governmental agency to obtain a license from the State Department of Public Health to provide hospice services to an individual who is experiencing the last phase of life due to a terminal disease, as defined, and their family, except as provided. The act also provides for the renewal of a license. The act imposes criminal penalties on any person who violates any provision of the act or any rule or regulation promulgated under the act. This bill would impose, beginning on January 1, 2022, a moratorium on the department issuing a new license to provide hospice services, unless the department makes a written finding that an applicant for a new license has shown a demonstrable need for hospice services in the area where the applicant proposes to operate based on the concentration of all existing hospice services in that area.

**Summary:** The Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Current law provides for the regulation of health insurers by the Department of Insurance. Current law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. This bill, the California Guaranteed Health Care for All Act, would create the California Guaranteed Health Care for All program, or CalCare, to provide comprehensive universal single-payer health care coverage and a health care cost control system for the benefit of all residents of the state.

**Summary:** The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Current law requires the above-described federal health care coverage market reforms to apply to a health care service plan, but conditions the operation of certain of these market reforms on the continued operation of PPACA or certain of its requirements. This bill would delete the conditional operation of the above-described provisions based on the continued operation of PPACA, the federal individual mandate, the federal coverage guarantee, and federal essential health benefits coverage requirements.

**Summary:** Current law requires a hospital to maintain an understandable written policy regarding discount payments for financially qualified patients and an understandable written charity care policy. Current law requires that uninsured patients or patients with high medical costs who are at or below 350% of the federal poverty level be eligible for charity care or discount payments from a hospital. This bill would instead require that uninsured patients or patients with high medical costs who are at or below 400% of the federal poverty level be eligible for charity care or discount payments from a hospital, and would authorize a hospital to grant eligibility for charity care or discount payments to patients with incomes over 400% of the federal poverty level. **Summary:** Would, until January 1, 2029, establish in state government an Office of Racial Equity, an independent public entity not affiliated with an agency or department, governed by a Racial Equity Advisory and Accountability Council. The bill would authorize the council to hire an executive director to organize, administer, and manage the operations of the office. The bill would task the office with coordinating, analyzing, developing, evaluating, and recommending strategies for advancing racial equity across state agencies, departments, and the office of the Governor. The bill would require the office to develop a statewide Racial Equity Framework providing guidelines for inclusive policies and practices that reduce racial inequities, promote racial equity, address individual, institutional, and structural racism, and establish goals and strategies to advance racial equity and address structural racism and racial inequities.

**Summary:** The Song-Brown Health Care Workforce Training Act provides for specified training programs for certain health care workers, including family physicians, registered nurses, nurse practitioners, and physician assistants. Current law establishes a state medical contract program with accredited medical schools, hospitals, and other programs and institutions to increase the number of students and residents receiving quality education and training in specified primary care specialties and maximize the delivery of primary care and family physician services to underserved areas of the state. This bill would require the Office of Statewide Health Planning and Development to contract with programs that train certified nurse-midwives and programs that train licensed midwives to increase the number of students receiving quality education and training as a certified nurse-midwife or a licensed midwife, and would require the office to contract only with programs that include a component of training designed for medically underserved multicultural communities, lower socioeconomic neighborhoods, or rural communities, and that are organized to prepare program graduates for service in those neighborhoods and communities.

ASSEMBLY APPROPRIATIONS, GONZALEZ, LORENA, Chair

**Summary:** The Healthy Workplaces, Healthy Families Act of 2014 requires employers to provide an employee, who works in California for 30 or more days within a year from the commencement of employment, with paid sick days for prescribed purposes, to be accrued at a rate of no less than one hour for every 30 hours worked. Existing law authorizes an employer to limit an employee's use of paid sick days to 24 hours or 3 days in each year of employment. Current law charges the Labor Commissioner, who is the Chief of the Division of Labor Standards Enforcement, with enforcement of various labor laws. This bill, the Health Care Workers Recognition and Retention Act, would require a covered employer, as defined, to pay hazard pay retention bonuses in the prescribed amounts on January 1, 2022, April 1, 2022, July 1, 2022, and October 1, 2022, to each covered health care worker, as defined, that it employs.
